Mailed In Detailed Reports

Webminister

Web has been pretty quiet this month, aside from updates for Autumn War and Twelfth Night. I am still waiting on images and information from our new Champions - I've received no response at all. I will try posting again on the Facebook page.

Event stewards and meeting/practice hosts have been pretty good about making sure information comes to me first. Yay!

Æffe

Herald

Herald Report - August:

Greetings BAO! My name is Catterina Fontana, the new Herald of BAO! This month, we had two people reach out. One person was looking for help with a device and name (In progress, it's a process), and someone was asking questions; a mini resource page was compiled.

This is my first month as Herald, and I am still very new and have very little idea what I am doing. Please be patient with me.

I am including the mini resources page link here for those interested!:

Overview of BAO Events where Heralding took place (July & August)

Lord Defender (Baronial Court, Town Cries, Roving Heraldic Point)(July 26, 2025)

- Award: Golden Blossom to [Merlin Le Roux](#)
- Rapier Defender: [Cameron of Clan Stewart](#)
- Armored Defender: [Ise Kotaro no Kurama](#)

Baronial First Thursday Social: August 7, 2025

- [Catterina Fontana](#) stepped up as Baronial Herald

If something is missing from this list, feel free to reach out, and I will update it accordingly. I don't have the full list of Events and Awards. I was told not to stress it, since this is my very first report. Paperwork for my position was done online, so I don't have a copy of my warrant, but I do believe it is on file.

YIS,

Scribe

Greetings everyone!

Here is the Scribal report for this month in advance of the Business meeting. If there is anything that I should correct, please let me know as I'm happy to do so.

This is my first report and I've seen these pop up in a few different ways, so I'm wondering what the preferred way of sharing this information is. Should I post these to Facebook or send to all officers via the chat or in email? I'm CCing our Webminister and Chronicler so they have as well.

Thanks for your patience with me as I work through these processes. I much appreciate everyone's time and feedback. Looking forward to this week's meeting!

Social Media

This month july into august has been really good. I am seeing more interaction with populous group as well as baronial page. We did have one inquiry about a rideshare group. I think everything is going really well. Nothing major to report.

A&S

A&S Report for August!

Lord Defender had a great showing of A&S demoing, thank you to our artists who played music, wove, or brought other hand-crafts to do as folks visited with all of us.

We had to cancel Culinary night for August, but the guild does an excellent job and I much appreciated the support of Magnifica Raffaella Di Contino during Lord Defender with her culinary history quiz!

Sewing nights are continuing on Mondays at Meistres Angharat's home, if you have questions the info for location and times are on the website.

I look forward to seeing everyone at Autumn War!

Chatelaine

Lord Defender was an excellent demo. Moving the location in the park so we were closer to the walking path was a great idea. It felt far more welcoming to the modern public that was walking by.

I have received two emails from folks interested in the SCA. Hopefully they will be showing up at our practices and social soon. Please make them welcome when they do.

I have also received an email from a gentle who has stepped back due to modern life interfering. They have a good deal of linen and other SCA specific items that they would like to pass on to people who will use them. I am coordinating a handover of the items now. Hopefully there will be another giveaway at our next social.

The Wizards of WA have asked if anyone is available for a demo on Sunday September 21st. I have asked for more details of what they would like to see. If they would prefer a fighting demo or an arts & science focused demo. Or all of the above. Once I hear back from them I will make a post on the populace page.

Next month is Autumn War featuring Emprise of the Black Lion. There will be a newcomers point and will have gold key on site.
